David E. Asbury Jr., Director, Division of Gas and Oil

By Decision of the Director in

**Informal Fact Finding Conference 24011 (Herein "IFFH 24011")**

**People Inc. - Gerald Gray Law Firm  
(Herein "Surface Owners")\**

**Vs.**

**Appalachian Energy Inc (AEI)  
(Herein "Permit Applicant")**

**Permit Applications for Gas and Oil operations:  
Application No. 16883, for Coalbed Methane Well AE-259 with pipeline  
(Herein "Application")**

**Background**

On March 12 2010, the Division of Gas and Oil (DGO) received Application No. 16883 for permit of Coalbed Methane Well with pipeline AE-259 from Appalachian Energy Inc (AEI). The evidence regarding the application and objections filed support the fact, the objections were timely and appropriate under Virginia Statute.

An objection was filed by People Inc. against the permit relative to Surface Owner Objections allowed under statute: § 45.1-361.35.

**§ 45.1-361.35. (C) Objections to permits; hearing.**

*C. The only objections to permits or permit modifications which may be raised by royalty owners are whether the proposed well work:*

- 1. Directly impinges upon the royalty owner's gas and oil interest; or*
- 2. Threatens to violate the objecting royalty owner's property or statutory rights aside from his contractual rights; and*
- 3. Would not adequately prevent the escape of the Commonwealth's gas and oil resources or provide for the accurate measurement of gas and oil production and delivery to the first point to sale.*

The Mineral and Surface Owners' objections were deemed acceptable under § 45.1-361.35

---

### **Hearing Date and Place**

IFFH 24011 was convened on Tuesday June 8, 2010 in the Southwest Virginia Technology Development Center, Jefferson Room (A-105), 141 Highland Drive, Lebanon Virginia. All parties with standing to object to Permit Applications 16883 were notified of the time and place by United States certified mail, return receipt requested.

### **Appearances:**

#### **For People Inc.:**

Dr. Michael Rush

#### **For Appalachian Energy Inc.:**

Mr. Frank Henderson, President, AEI

Mr. Justin Phillips, Land Manager, AEI

### **Findings of Fact:**

1. In accordance with § 45.1-361.35.H, notice of **IFFH 24011** was given to the Permit Applicant and to every person with standing to object as prescribed by §45.1-361.30.
2. People Inc. was notified as surface owners of property to be affected by the proposed operations, a Coalbed Methane Gas Well with pipeline AE-259 and, as such, has standing to object to the proposed operations.
3. IFFH **24011** was convened at the time and place indicated in the notice. The hearing start time was advanced from 1:00 pm to 11:15 am as mutually agreed and requested by the objecting party and applicant. The Director and Division staff were also present at 1:15 pm to receive additional parties with standing to object. There were no others.

### **Controlling Law and Regulation**

1. Section 45.1-361.30.A (1) of the Virginia Gas and Oil Act requires that permit applicants notify all surface owners, coal owners, and mineral owners on tracts to be drilled.
2. Section 45.1-361.30.A (3) of the Virginia Gas and Oil Act requires that permit applicants notify all surface owners on tracts where the surface will be disturbed.
3. Section 45.1-361.30(D) of the Virginia Gas and Oil Act gives standing to object to permit applications to all parties receiving required notice.
4. Section 45.1-365.35(B) of the Virginia Gas and Oil Act details objections that may be filed by surface owners.
5. Section 45.1-361.35(H) of the Virginia Gas and Oil Act requires the Director to schedule an informal fact finding hearing concerning objections, and provide notice of the hearing to all parties with standing to object to the permit.
6. Section 45.1-361.35(I) of the Virginia Gas and Oil Act requires the Director to issue a decision regarding the objection if the parties to the hearing fail to reach an agreement.

As the Informal Fact Finding Hearing process is governed by the Administrative Process Act, such proceedings can be recessed at any time if the involved parties mutually agree that they would like to negotiate off the record.

This opportunity was afforded to the parties and accepted.

After a time of negotiation, the parties requested to go on record with the following testimony:

## **I. TESTIMONY BY THE SURFACE OWNER**

After brief negotiations, the parties have mutually agreed to allow development of gas resources on the People Inc. property to proceed. After the objection was filed, research indicated the property is in a floodplain and would not be suitable for future housing modules. AEI is to provide People Inc. a letter and description of activities agreed to in today's talks, prior to commencing construction. With new information and cooperative agreement between the parties, the objection to the permit will be withdrawn by People Inc.

## **II. TESTIMONY BY THE APPLICANT**

The Applicant has worked cooperatively with the objecting party and agrees with the new research and agreement reached today, allowing the objection to be withdrawn and the permit process and gas resource development to continue.

---

## **Decision of the Director**

Section 45.1-361.35(I) of the Virginia Gas and Oil Act requires the Director to issue a decision regarding the objection if the parties to the hearing fail to reach an agreement.

With evidence and testimony of a negotiated agreement between the parties, no decision by the Director is required. The Director will receive a written request of withdrawal from the objecting party. Once the withdrawal request is received, the application review and permit issuance process will continue for Application 16883, AE-259.

---

## **Right of Appeal**

Any party aggrieved by this decision of the Director may appeal the decision to the Virginia Gas and Oil Board **by filing a petition with the Board within ten (10) days** following the decision (§45.1-361.36). No petition or appeal may raise any matter other than matters raised by the Director or which the petitioner put in issue either by application or by objections, proposals or claims made and specified in writing at the informal fact finding conference.

Signed this 8<sup>th</sup> day of June, 2010
